The Artech ORW10 Sit-Stand Wall-Mounted Integrated Workstation is a compact and versatile solution designed to enhance ergonomics, hygiene, and space efficiency across various professional environments, including healthcare facilities, laboratories, modern offices, and clinical settings.

KEY FEATURES

- **Ergonomic Sit-Stand Design:** Height-adjustable, multi-directional arm structure for flexible positioning.
- **Integrated Workstation:** Combines monitor, keyboard, and mouse tray into a single solution.
- **Wall-Mounted Configuration:** Fixed installation ideal for saving space in tight environments.
- **Smart Cable Management:** Built-in channels for clutter-free, easy-to-clean cable organization.
- **Durable Construction:** Metal alloy body with reinforced hinges and support components.
- **Hygienic Surfaces:** Flat, easy-to-clean surfaces suitable for frequent disinfection.
- **Versatile Applications:** Ideal for hospitals, clinics, labs, pharmacies, and high-traffic office areas.
- **Modern and Compact Aesthetic:** Sleek, minimalist design that fits into contemporary interiors.

The ORW10 is the perfect solution for professionals in today's fast-paced healthcare and business environments who seek mobility, hygiene, and ergonomic working comfort.
